

# BETTER LIVING THROUGH BETTER WATER

## Nero BB Filter

### High-flow whole-house filtration system.

**This whole-house filtration system provides economical, high-flow solutions for sediment, taste and odor removal.**

The Nero Big Blue Filter is a high-flow, whole-home powerhouse with dual-stage filtration. Filter #1 is polypropylene 5 micron melt blown (PPMB) sediment filter cartridge is thermally bonded polypropylene microfibers for higher filtration efficiency and performance. The chemical resistance material is and not prone to bacterial attack and will not add any taste, color and odor to the water. Filter #2 is a Radial Flow (RF) granular activated carbon cartridge filter that is the perfect colution for effective reduction of chlorine, bad taste and odor. Both filters provide low-pressure drop and fewer carbon fines.
